

BIENNALE OF EUROPEAN TOWNS AND TOWN PLANNERS DRAFT PROGRAM

NAPLES, 21-24 APRIL 2024

SUNDAY 21 April 2024

SANTA MARIA LA NOVA 44, NAPLES

9.30-17.00 ECTP GENERAL ASSEMBLY (only for ECTP DELEGATES)

11.30 COFFEE BREAK

13.30 LIGHT LUNCH

16.00 COFFEE BREAK

17.00-19.00 REGISTRATION

18.00-19.30 WELCOME PARTY (open to all participants)

MONDAY 22 April 2024

DEPARTMENT OF ARCHITECTURE UNIVERSITY OF NAPLES FEDERICO II

AT PALAZZO GRAVINA, VIA MONTEOLIVETO 3, NAPLES

1° floor in front of Room Gioffredo:

11.00-11.30 Coffee break

13.30-14.30 Light Lunch

16.30-17.00 Coffee break

8.30 REGISTRATION 2° Floor outside Great Hall

Great Hall 2° floor

9.00-11.00

PLENARY (pc Moccia)

9.00-9.30

Welcome addresses:

Michelangelo Russo, DiARC Chair

Markus Hedorfer, ECTP President

Michele Talia, INU President

Giuseppe De Luca, Biennale Chair

Marichela Sepe, Biennale Local Chair

Keynote speeches

Chair: Francesco Domenico Moccia

9.30-9.45 Janet Askew, ECTP past-President

Inclusion in adaptive planning

9.45-10.00 Markus Hedorfer, ECTP President

ECTP-CEU's vision on inclusive cities and regions – territoires inclusifs

10.00-10.15 Carolina Giaimo, INU

Regulatory Inclusiveness and Territorial equipment

10.15-10.30 Bruno Discepolo, Campania Region

Regional strategies for territorial cohesion (OP 5. Europe closer to citizens)

10.30-10.45 *Laura Lieto, Townhall Naples*

Visions of inclusive city

11.30-18.00 PARALLEL AND SPECIAL WORKSHOPS

Room 21 (pc Di Ludovico)

11.30-18.00

PARALLEL WORKSHOP 1

REGIONAL ISSUES AND REGIONAL DISPARITY

Coordinator Laura Fregolent – Co-coordinators, Valeria Lingua, Donato Di Ludovico
Discussant Géza Salamin - Co-discussant Maurizio Carta

11.30-13.30

Population concentration. Quantitative characterization by concentration indexes
Ricardo Alvira

Basilicata Climate Adaptation Strategy: The Province of Potenza contribution to EU Mission on Adaptation to CC

Alessandro Attolico, Rosalia Smaldone, Francesco Scorza, Rachele Vanessa Gatto, Simone Corrado

Cultural Ecosystem Services and Community Engagement.

The experience of Madonie Inner Area

Annalisa Giampino, Filippo Schilleci, Stefania Crobe

Weak Demand Areas in Italy

A mapping method according to the decree Transport Ministerial Decree n. 157/2018

Vito Martelliano, Carmelo Antonuccio

Local Development in the Inner Areas

The Dominance of Tourism in SNAI Framework Programme Agreements

Francesco Conti

From Patrick Geddes to the territorialist approach: the genealogy of inclusive planning

Federico Diodato

Collaborative maintenance of housing quality for social, cultural and economic innovation in marginalised areas

Katia Fabbri, Michela Di Palo, Eleonora Petroni

Ecological transition? "ecopolitan areas" as an alternative to "megacities"

Sandro Fabbro, Claudia Faraone

Early school leaving and family risk factor

Melania Verde, Grazia Falzarano

Regeneration of fragile territories through the reactivation of local communities: a review of Italian best practices

Valeria Lingua, Valeria Francioli

New actors and infrastructures for the Economic & Spatial inclusion and innovation within the European Research Area.

A mapping in Italy and in Veneto Region

Vito Garramone, Carlo Federico Dall'Omo, Francesco Musco

14.30-16.30

Living in the City in the Third Age

Maria Argenti, Anna Bruna Menghini, Francesca Sarno

Exploring Tourism Ecosystem in planning practice

Rachele Vanessa Gatto, Simone Corrado, Giovanna Andrulli, Carmen Ligrani, Maria Teresa Ferrarese,

Teresa Palladino, Francesca Perrone, Francesco Scorza

Inter-municipal plan for an inner area. An experiment for fourteen municipalities in Garfagnana, Tuscany
Benedetta Biaggini, Giannino Biaggini, Riccardo Luca Breschi, Andrea Giraldi

Insular regions and MaaS concept. Assessing spatial accessibility in Sardinia (Italy)
Mara Ladu, Ginevra Balletto, Tanja Congiu, Gianfranco Fancello

Observing the youth housing crisis
Mariella Annese, Maria Raffaella Lamacchia, Nicola Martinelli

The Territorial Plan (PTAV) of Forlì-Cesena. A navigation map to generate system policies.
Martina Massari, Valentina Orioli, Altea Panebianco

Fight regional disparities by regulating the practice of collaborative housing. An approach to counteract speculative dynamics in the territories
Margherita Meta

Settlement sustainability in less developed regions, a priority for regional balanced development. In providing a RBM framework for evaluating spatial plans
Samaneh Niazkhani, Esfandiar Zebardast, Angela Million

Regional regeneration in disaster-affected areas
Giulia Pasetti, Donato Di Ludovico

Soil sealing as ecosystem services' inhibitor. Processing of satellite data for coastal zone analysis
Annunziata Palermo, Lucia Chieffallo, Natalia Rispoli

A gender issue in the urban policy
Lucia Saganeiti, Lorena Fiorini

Building alliances for territorial rebalancing processes. A case study in Val d'Agri
Stefania Oppido, Valeria Catanese, Giuseppe Pace, Maria Scalisi, Gabriella Esposito

17.00-18.00

Basilicata Climate Adaptation Strategy: A GEODESIGN Experimental Approach
Francesco Scorza, Rachele Vanessa Gatto, Simone Corrado

Macro-territorial disparities analysis with a data-driven approach
Alessandro Seravalli, Davide Magurno, Mirko Gregorelli

Basilicata Climate Adaptation Strategy: The Province of Potenza contribution to EU Mission on Adaptation to CC
CC

Alessandro Attolico, Rosalia Smaldone, Francesco Scorza, Rachele Vanessa Gatto, Simone Corrado

Territorial regeneration in non-metropolitan urban regions: a proposal for definition, strategies and tools of interventions

Giulia Fini, Marcello Modica

“España puede” and “Italia domani” against social fragmentation.

Territorial planning approach's similarities and differences

Annunziata Palermo, Maria Columna Gracia Gómez, Gaetano Tucci, Lucia Chieffallo

Exploring innovative strategies and approaches arising from EU funds, mechanisms and tools to counter regional and local disparities

Rodrigo Vielmo Moura

Room 19 (pc Gerundo C.)

11.30-16.30

PARALLEL WORKSHOP 2

METROPOLITAN OR CITY PROPOSALS

11.30-15.30

Planning an eco-neighbourhood in Attica

Despina Amolohiti, Dimelli Despina

Territorial analysis tools for the construction of the Strategic Plan for Sustainable Development of Sappada - IT
Alessandro Massarente, Alessandro Tessari, Karla Cavallari

Wheelchair sharing system – a place for people with difficulties walking in Portugal's mobility public policies
Joana Coimbra, Paulo Silva

Identifying and mapping proximity of services for students: a case study in the university city of Bologna
Silvia Bartolucci, Elisa Conticelli, Angela Santangelo

The Search for planning a Global South metropolis: The Case of the 2014 São Paulo Master Plan, Brazil
Eduardo Alberto Cuscé Nobre

Debt as Spatial Practice
Antonio di Campi

LBMET - Metropolitan Innovation Laboratory of the Metropolitan City of Cagliari
Nicolò Fenu, Isabella Ligia, Paolo Mereu

Urban and peri-urban agriculture (UPA): from benefits to planning. Results from EFUA H2020 project
Claudia Cassatella, Enrico Gottero

APRIPISTA: Sustainable Urban Mobility Plan of Gragnano
Maria Somma, Andrea Graziano, Danny van Beusekom, Luca Zampieron, Teresa Abagnale, Aniello D'Auria

Integrating Mobility Infrastructure, a European Topic. URBACT RiConnect network. Rethinking infrastructure for better metropolises
Joan Caba, Anna Majoral, Judith Recio and Mikel Berra, Noemí Martínez, Stela Salinas, Elena Argelich, Roland Krebs, Rosa Rull

Territorial approach to river restoration: an investigation into multi-governance
Chiara Marasà

14.30-15.30

City and health through improved school routes
Carmen Mota, Susana Aznar

ITI/SUD tools and inclusivity. Urban regeneration in the Municipality of Piraeus
Emmanouela Tsagaki-Rekleitou

Urban air mobility. From sectoral infrastructure to an integrated vision towards improved inclusion
Carlo Valorani, Maria Elisabetta Cattaruzza

Right to the city through urban entropy and enthalpy. Life and death of the city
Fernando Visedo Manzanares

The transformation of the coal and steel region
Ondrej Vyslouzil, Pavel Rihak, Vaclav Palicka

Room Gioffredo 1st floor (pc Sepe)

11.30-13.30

PARALLEL WORKSHOP 3

URBAN REGENERATION AND PUBLIC SPACE I PART

Coordinator: Marichela Sepe

Discussant: Pietro Garau

11.30-13.30

Exploring the Impact of Transit Malls on Urban Vitality: A Case Study in Seoul, Korea
Hanmin Gu

My Neighbourhood, My Street. Promoting active participation of citizens in the management of public spaces in Vila Nova de Gaia
Cristiana Nóbrega, Margarida Rocha, Catarina Pydzinska Azevedo

Inclusivity and public lighting of public spaces at night
Antonella Radicchi, Dietrich Henckel

Development games in the neglected urban areas
Aleksandra Jadach-Sepiolo, Maciej Borsa

Urban production processes and the role of public space as a connective tissue: the case of Brandoa and Alfovelos, Lisbon
Maria Manuela da Fonte, Filipa Serpa, Ariana Marques

Mouro's Fountain square renewal. A nature-based solution public space
María Fandiño Iglesias

Future-proof community centres and its transformative role in large housing estates
Thomas Helfen

Large Mine Sites Regeneration from the Perspective of Gender Health Perception. A case study of Xishan, Taiyuan, Shanxi Province, China
Zhizhong Hong, Ester Higuera García

Improving the Livability of Contemporary Cities. The Role of Sports Infrastructure in Urban Regeneration
Ilva Hoxhaj

Regeneration of disused areas: towards a new generation
Rosaria Iodice

Territories of reconstruction. New paradigms for the regeneration in Central Italy 2016
Francesco Alberti

Development games in the neglected urban areas
Aleksandra Jadach-Sepiolo, Maciej Borsa

Innovative practices for sustainable development of resistant communities
Emanuela Coppola, Gaia Del Giudice, Eleonora Giovane di Girasole

ROME: Capital of the CIPS
Francesco Bonanni

Co-design public spaces of proximity The case of Rome's former fair
Livia Papagni, Leonardo Perna, Manuele Sun, Elena Tablò

Room Gioffredo (pc Sepe)

17.00-18.00

PARALLEL WORKSHOP 3

URBAN REGENERATION AND PUBLIC SPACE I PART

Coordinator: Marichela Sepe

Discussant: Pietro Garau

Performing collective action for cultural urban regeneration projects. Early notes from a Barad and Schechner diffractive analysis
Vittoria Biasiucci, Maria Patrizia Vittoria

Urban public space at multiple risk. The Neapolitan case study of Via Caracciolo
Candida Cuturi e Marichela Sepe

ESG principles and urban regeneration. A framework for sustainable cities.
Antonio Bocca, Lorenzo Massimiano

Urban Regeneration and the Role of the Private Sector
Sveva Bocchini

Inclusive Public City pilot project. Co-generative experimentations for design innovation
Angela Colucci, Anna Schellino, Antonella Cuppari

Designing with time. Chrono-urbanism and some of its declinations
Chiara Bocchino

Campo Laudato si' Caserta. Masterplan for the restoration and urban regeneration of the former Macricon area
Alvisi Kirimoto

Room 20 (pc Berruti)

11.30-13.30

PARALLEL WORKSHOP 4

MIGRATION AND CULTURAL INCLUSION

Coordinator: Angela Barbanente Discussant: Marçel Pidalà
Co-coordinator: Gilda Berruti

A realistic geography of the presence of migrants in the city of Naples: shop owners and street vendors
Antonia Arena

Cidade de acolhimento_host city
Ana Bordalo, José Carvalho, Vitor Alves

The gender gap in participatory processes: exploring the River Agreement as a tool for investigation.
Elisa Caruso

The cross-border urban space. Urban forms and territorial identities in European cross-border cities
Fabiola Cristalli

From formal to informal in the border city. Miserabilia. The tax-selective formalism crumbles
Silvia Dalzero

Designing the city of poor
Andrea Di Giovanni

Neo-Population: A Potential Remedy for the Depopulation Crisis in Inner Regions
Diksha Dody

Intersecting Rights: Immigrants in Urban Realities
Maryam Karimi, Grazia Concilio, Aliaksandra Rameika, Giorgia Trasciani

Migration, Social Transformations and Impact on Urban Attractiveness: Riace as a Model of Inclusive Urban Planning.
Silvia Paldino

Mental Mapping for New Urban Perspectives
Sanja Platisa

Embracing social and cultural Diversity in Eleusis: Exploring Possible Composite Tourism experiences After the ECOC 2021 title.
Panagiota Tsolakaki, Sofia Avgerinou Kolonias

Room 18

11.30-18.00 (pc Somma)

PARALLEL WORKSHOP 5

CULTURAL HERITAGE I PART

Coordinator: Maria Somma Discussant: Martin Baloga

11.30-13.30

PINQuA: the conversion of an abandoned Palazzo into student housing to regenerate a portion of Taranto's Città Vecchia.

Simona Sasso, Giovanni Carbotti, Antonio Angelini

Historic Urban Landscape and Cultural Diversities

Mariarosaria Angrisano, Ferdinando Verardi

Restoration and enhancement of the Historic Gardens of the Monumental Complex of the ex-Monastery of Saints Severino and Sossio in Naples

Alessandro Seravalli, Paola Caselli

Assessing the reuse compatibility of cultural heritage for the built environment regeneration

Francesca Ciampa, Stefania De Medici

Unveiling Urban Narratives. The "Pop Up City" project in the city of Formia, Italy

Diana Ciufu

BNB-COMMON. "Bnbificazione" of cities

Silvia Dalzero

The Future of Post Extractive Mining Ruins

René Davids

Historic infrastructure and urban regeneration. Bottom-up approach for an identity-inclusive city

Paola N. Imbesi

Visual Sensitivity: towards more culturally-inclusive planning approaches

Jessica Comino

14.30-16.30

Forms and signs of the city drawing (aesthetic lexie)

Andrea Donelli

Approaching "Athenian Modernism" with sensitivity in the linear park of Fokionos Negri Street

Georgina Eleftheraki

Cultural accessibility to overcome physical, cognitive and sensorial barriers

Maurizio Francesco Errigo, Irene Poli

Coastal heritage for adaptive and inclusive strategies. The case of the Trabocchi Coast along the mid-Adriatic.

Lia Fedele, Angelica Nanni

Effects of religious practices on the urban planning through time on the case of Rome and Christianity

Daria Fontana

Participatory incubator of cultural initiatives within a local development strategy for the "Sicani" area in Sicily

Alejandro Gana-Núñez, Vincenzo Todaro

Mapping the Intangible: an interdisciplinary exploration of transhumance cultural landscape

Ilaria Gesualdi, Mariacristina Mona

17.00-18.00

Local development and the regeneration of the historic architectural heritage:
case studies of historic buildings in Taranto.
Simona Sasso, Vincenzo Piccolo, Cristina Giannico

Visualizing Cities: Making Cultural Heritage Inclusive
Kristin Love Huffman, Andrea Giordano

Resilience as a cultural heritage value. Planning scenarios for the Libarna archaeological site.
Michela Benente, Ombretta Caldarice, Benedetta Giudice, Irene Ruiz Bazán

The Historic Town as vector of the urban development
Sofia Avgerinou Kolonias, Alvaro Gómez-Ferrer Bayo

Recreating agricultural production to restore a heritage landscape. The Reine's Vineyard WHS (Turin, Italy)
Claudia Cassatella, Enrico Gottero

Great Hall (pc Pittau)**11.30-18.00**

PARALLEL WORKSHOP 6

RESILIENCE I PART

Coordinator: Claudia Cassatella Discussant: Massimo Sargolini

11.30-15.30

Magna Græcia 2049. An example of Ecological Transition process to build a spatial, social and economic resilient inclusion.

William Marco Aiello

#Manilva Plan n'2030 towards a Local Urban Agenda
n'UNDO.org

A new methodology for multi-sector and harmonized urban and energy planning in small and medium-sized cities

Alice Borsari, Adriano Bisello

Climate Justice and Spatial Planning
Richard Blyth

A contribution to assess urban open spaces under the point of view of urban heat islands
Marzia Lai, Alessandra Casu

Urban strategic projects towards resilient climateproof towns: some proposals for Lisbon waterfront
Alessandra Casu, Guglielmo Ricciardi, Ilenia Zaccagna

Increasing climate resilience through participatory adaptive planning
Lucia Chieffallo, Annunziata Palermo

Urban Climate Change. Mitigation, Adaptation, and Disaster Risk Reduction
– a Review on their joint use for Spatial Resilience
Silvio Cristiano, Carlo Pisano

14.30-16.30

Human approach for the third millennium
Maria Lodovica Delendi

Urban forestry project in L'Aquila: urban regeneration and green reconnection
Chiara Di Dato

Aniene. The other river. From climate adaptation actions to urban regeneration:

the making of an Environmental Centrality
Laura Di Fiandra, Marika Fior, Paolo Galuzzi

Boosting the local energy transition. The Living Lab of León (Spain)
Alejandra Duarte Montes, Miguel Fernández-Maroto, Juan Luis de las Rivas

A simulation-based tool for environmentally hazard-conscious urban design
Federico Eugeni, Gennaro Zanfardino, Donato Di Ludovico

A new terraced waterfront on the Mar Piccolo within the framework of the Coordinated Plan for the improvement of the Tamburi district in the city of Taranto
Simona Sasso, Vincenzo Piccolo, Valentina Falcone

Regeneration and redesign of public spaces within the framework of the Coordinated Plan for the improvement of the Tamburi district in the city of Taranto
Simona Sasso, Vincenzo Piccolo, Valentina Falcone

From the "Intelligent Buildings" program to the new "Intelligent Cities" urban design methodology
G. Tiziana Gallo

17.00-18.00

Supporting Critical Entities Resilience to natural risks through urban planning
Veronica Gazzola

Digital Seascapes: Can we use digital technologies for engaging coastal communities in building marine citizenship?
Ashita Gupta, Katharine Willis

Evaluating Urban Walkability. A Thermal Comfort Based Approach
Alessandro Pedrazzoli, Simone Grasso, Giulia Ceccarelli, Marianna Zuretti, Dante Presicce, Rawad Choubassi

Integrating Human-Centric Care and Accessibility: Designing Inclusive Residential Spaces for Special Children in Economically Underdeveloped Regions of China
Zhouyan He

Sustainable reconstruction of the Ahr valley in Rhineland-Palatinate, Germany
Svenja Knuffke, Lutz Kraemer-Heid

Regi Lagni and hydraulic mitigation works. Adaptation and new uses in the regeneration project for the S. Sossio basin in Marigliano (NA)
Giovanna Ferramosca

Room 20 (pc Sgobbo)

14.30-16.30

PARALLEL WORKSHOP 7

NEW ECONOMIC APPROACH

Coordinator Luc-Émile Bouche-Florin Discussant: Vít Řezáč
Co-coordinator: Alessandro Sgobbo

Exploring transition to Circular Economy: a collaborative design approach for innovative urban hubs for waste management
Chiara Castellano Federica Paragliola, Maria Fabrizia Clemente, Ermina Attaianese, Marina Rigillo

Circular Economy strategies for Adaptive Reuse of Borgo San Leonardo in Carlentini
Carla Di Giorgio, Maria Rita Pinto, Pasquale De Toro

Inclusive approaches for circular soil management and territorial restoration in marginalized areas
Elena Ferraioli

Governance and management of European rural development policies: new perspectives for the circular economy in Sardinia
Anna Maria Colavitti, Virginia Onnis and Sergio Serra

Sustainable Urban Energy Communities
Alessandro Sgobbo

Room 19 (pc Gerundo C.)

15.30-16.30

17.00-18.00

SPECIAL WORKSHOP 2

Enhancing urban regeneration and spatial justice with Nature-Based Solution

15.30-16.30

NbS and Social cohesion: the CLEVER Cities experience. Russoli's Towers and Giambellino Park 129
Emilia Barone, Chiara Desiderio, Myriam Lunghini

NBS as a pragmatic tool for disaster management cycle in earthquake risk.
Critical issues and opportunities in the planning of emergency housing areas in Italy
Maria Sole Benigni, Chiara Catalano, Margherita Giuffrè

Nature-based solutions for improving efficiency in urban settlements. A model for its measurement
Federica Cicalese, Isidoro Fasolino

Quantifying the benefits and spatial equity of Nature-based solutions in urban contexts
Nicoletta Denaro, Daniele La Rosa

Nature-Based Solution for Enhancing Climate Resilience. Sustainable Urban Regeneration for Barcellona
11@ Innovation District
Martina Di Palma

Orienting budget allocation for multifunctional. Nature-based Solutions in Italian metropolitan cities
Elena Di Pirro, Marco Marchetti, Bruno Lasserre

17.00-18.00

NBS as a pragmatic tool for disaster management cycle in earthquake risk. Critical issues and opportunities in the planning of emergency housing areas in Italy
Maria Sole Benigni, Chiara Catalano, Margherita Giuffrè

Knowledge and experience of NBS for urban issues. A literature review
Alessandra Marra, Michele Grimaldi

Nature-Based Solutions in historic centres: an exploration of current knowledge
Giulia Jelo

The strategic role of urban policies for urban biodiversity
Annarita Lapenna, Maria Chiara Pastore

From practice to definitions. A NBS standardization comprehensive governance framework
Laura Passatore, Sara Di Lonardo, Pasquale Capezzuto, Giacomo Riccio, Elisabetta Salvatori, Francesca Bretzel

Room Gioffredo (pc Sepe)

14.30-15.30

SPECIAL WORKSHOP 6

A Transdisciplinary Approach to Placemaking and Inclusivity: COST Action Dynamics of Placemaking
Coordinator: Ayse Erek

Informal Placemaking: Social Inclusion and Practices of Art and Culture
Ayse Erek

Soundscape Map: Listening and identity.
José Luis Carles

Diverse Placemaking and Gender Inclusive Practices
Ramona Mihaila

Augmented Soundwalk as a Transversal Tool
Cristina Palmese

Proximity and Inclusive Public Space
Marichela Sepe

The Dynamics of Placemaking: a transdisciplinary COST project
Zsuzsa Varga

Room Gioffredo (pc Sepe)

15.30-16.30

SPECIAL WORKSHOP 12

Public space for inclusive cities: the Biennial of Public Space

Coordinator: Pietro Garau, Marichela Sepe

Proximity and Inclusive Public Space
Marichela Sepe

Enhancing social inclusion in small towns: projects and networks
Antonio Bocca, Romina D'Ascanio

Inclusive decision-making processes in public policies
Carmen Giannino

Reporting on the Multiethnic City: Notes for a 2025 Report on Public space
Manuela Alessi, Pietro Garau

How much public space has my city got to offer?
Luciano G. Alfaya, Patricia Muniz-Nunez

Public space in the "bipolar" urban entities of coastal towns
Cristian Gori

Inclusive public spaces former ex-fiera of Rome
Alice Potenza, Paola Moricca, Flavia Armenia, Antonio D'Ambrosio

Urban regeneration area of Ex-fiera
Carlo Cupiccìa, Francesca Sforza

Great Hall (pc Moccia)

18.00-19.00

PLENARY

Territorial inclusion and functional integration in the Metropolitan Plan of Naples

Chair: Francesco Domenico Moccia

Pasquale Gaudino, Città metropolitana
Francesco Domenico Moccia, Città metropolitana

20.30 Pizza Dinner at Antonio e Antonio GUSTO, Via Partenope + Fishman Pier and waterfront night walk

23 April 2024

DEPARTMENT OF ARCHITECTURE UNIVERSITY OF NAPLES FEDERICO II

AT VIA FORNO VECCHIO 36 (2°, 3° and 4° floor)

ROOM SL3.7 11.00-11.30 Coffee break

ROOM SL3.7 13.30-14.30 Light Lunch

ROOM SL3.7 16.30-17.00 Coffee break

8.30 REGISTRATION outside room SL3.7

ROOM SL4.5 (pc Moccia)

9.00-11.00 PLENARY

9.00-10.00

Keynote speeches

Chair: Marichela Sepe

9.00-9.15 Gerhard Vittinghoff

Social housing and benefits in Austria: an approach in creating inclusive and just settlements

9.15-9.30 João Teixeira

Housing crisis: illegal settlements 1980 and simplification 2024

9.30-9.45 Tomasz Majda

A systematic approach to inclusivity in times of climate change

9.45-10.00 Discussion

10.00-11.00

Inclusion in European countries planning systems (in-progress, this session will continue in parallel 11.30-19.00)

Luigi Fiorentino, Presidenza del Consiglio dei Ministri

Sustainable Management of Biodiversity for resilience and adaptation

Inclusion in European countries planning systems

Umberto Janin Rivolin

11.30-19.00 PARALLEL AND SPECIAL WORKSHOPS

ROOM SL4.5 (pc Moccia)

11.30-19.00

INCLUSION IN EUROPEAN COUNTRIES PLANNING SYSTEMS

Open discussion session

ROOM SL2.1 - 2° floor (pc Grimaldi)

11.30-16.30

PARALLEL WORKSHOP 8

IT AND THE USE OF ARTIFICIAL INTELLIGENCE IN PLANNING

Coordinator Adriano Bisello Discussant: José María Ezquiaga

Co-coordinator: Michele Grimaldi

11.30-13.30

Generative Urban Design (GUD): Towards the Post-Urban Project

Fabio Andreassi, Fabio Naselli, Cinzia Barbara Bellone

Inclusiveness and participation: artificial intelligence as a planning tool

Monica Buonocore

App for an inclusive P.E.B.A. Crowdmapping architectural barriers with an IT tool
Francesco Carbone, Maria Venditti

Community validation in generative-AI mapping. The pilot project fAIr by OSM and Microsoft in Uganda, Tanzania, Kenya and Nigeria
Chiara Centanaro, Emanuele Sommariva

Beyond Boundaries: GeoAI for Informed Urban and Territorial Decision-Making
Simone Corrado, Francesco Scorza

Alternative Public Space. A Community-Driven Future
Mustapha El Moussaoui

Cities and New Science: Challenges and Opportunities of AI in Planning.
Paolo Fusero, Maura Mantelli, Lorenzo Massimiano

Digital platforms for urban issues and governance: dilemmas and challenges. An overview
Vito Garramone

Addressing urban retail in data models. Measuring change in a dynamic activity that impacts urban life
Barros Guerton, Javier

14.30-16.30

Eco-Fusion: Bridging Architecture and Nature in Urban Design
Panagiota Koulali, Anastasios Tellios

AI approach of emotion detection for multi-risk analysis in urban context
Vittorio Miraglia, Barbara Cardone, Ferdinando Di Martino

A “phigital ecomuseum” of the territorial heritage for the House of Emerging Technologies of Campobasso (MolisCTE)
Luciano De Bonis, Giovanni Ottaviano

Designing the future: parallel digital twins for smart cities. Reducing the Complexity of Building Systems in Cyberspace.
Angelica Rocco

Beyond Data Extractivism: Convivial Approach in AI-Enhanced Urban Planning
Sabrina Sacco

The Regional Digital Twin as support for innovative multi-risk planning
Sara Sacco, Federico Eugeni, Donato Di Ludovico

Augmented reality as an innovative tool for citizen participation in planning: Results of the 5G-CityVisAR research project
Lars Sievers, Eva Reinecke, Frank Othengrafen

Algorithms based on the Casual Loop Diagram to identify problems supporting the urban regeneration process
Marco Volpatti, Marta Carla Bottero, Adriano Bisello

Informative city modeling and augmented reality: the City Augmented Reality for the Environment-CARE project
Ida Zingariello, Romano Fistola

ROOM SL2.1 - 2° floor (pc Pittau)

17.00-19.00

SPECIAL WORKSHOP 7

INCLUSIVE CITY ECOSYSTEMS

Coordinators: Laboratorio Inu Giovani

Incubators of bottom-up participation processes as support tool for urban planning

Irina Di Ruocco, Chiara Alesci, Valentina Grazioli

River Infrastructure, Territorial Regeneration and Disaster Risk Management

Giorgia Tucci, Giada Limongi, Sara Ferraro

Make cities inclusive through proximity public spaces and local centralities

Comparing perspectives

Maria Teresa Lombardo, Francesca Paola Mondelli, Sharon Anna Somma

Gamifying & AI: A synergistic approach to inclusive and sustainable community planning

Nicole Pascucci

Urban food forests as emerging inclusive urban ecosystems. Insights from experiences in Sicily and California

Elisa Privitera

Community, Participation and Regeneration: the call for images "#eSeInveceFosse...? Imagine the public space"

Maria Somma, Giada Limongi, Gloria Toma

ROOM SL.2.2 - 2° floor (pc Giovane)

11.30-13.30

14.30-16.30

PARALLEL WORKSHOP 9

PORTS, AIRPORTS AND OTHER INFRASTRUCTURES

Coordinator: Angel Burov, Discussant: Lidiia Chyzhevska

Co-Coordinator: Eleonora Giovane, Co-discussant Massimo Clemente

11.30-15.30

An Alternative Sustainable Future for Vlora: An Integrated Decision-Support System for a Green Smart Port City

Giuditta Mikhail, Gaetano Tortorella, Andrea Paglialunga, Giuseppe D'Aniello, Massimo Savino, Maria Cerreta

City-Port interface planning. An integrated approach applied to Brindisi

Giuseppe Ciciriello, Francesca Calace

Port heritage enhancement for sustainable development: the case of Naples, Salerno and Castellammare port cities

Massimo Clemente, Gaia Daldanise, Benedetta Ettore, Eleonora Giovane di Girasole

Integrating UAV Infrastructures in Urban and Rural Landscapes: A Framework for Sustainable and Inclusive Development

Stefano Cunietti, Chiara Sammarco, Ilaria Ferrando, Domenico Sguerso

The culture of integration for the sustainable development of port cities. The case of Livorno as a national best practice

Massimo Clemente, Benedetta Ettore

14.30-16.30

Exploring unrevealed land-maritime borders in the Eastern Mediterranean through infrastructures.

Carlotta Giordani

Between protection and land development: evaluation of a strategy
Federica Isola, Federica Leone

Plan of the Tourist Port Network of Sardinia
Italo Meloni, Massimiliano Ponti, Giuliana Caruso, Massimiliano Mongelli

Strategies, functional taxonomy, and typologies for planning city-port interaction areas
The complex relationship between city and port: towards integrated planning
Carmen Mariano, Maria Racioppi

The role of railways toward sustainable and cohesive territories. An integrated approach for the territorial impact assessment
Mario Tartaglia, Serena Martini, Chiara Ravagnan, Chiara Amato

ROOM SL2.2 - 2° floor (pc Hedorfer)

17.00-18.00

PARALLEL WORKSHOP 10

UNDERGROUND SPACE

Coordinator: Bjorn Bonello Discussant: Elizabeth Reynolds
Co-Coordinator: Markus Hedorfer

VCHM – Venice Central Hub Mestre
Gianfranco Gramola, Markus Hedorfer, Matteo Montagner, Donatella Schiuma, Roberto Misceo

Landscape of disruption. Outcome of telluric actions in the territory of Rome
Ilaria Maurelli

Underground Built Heritage as catalyser of urban regeneration. Case-studies in the Naples Metropolitan area
Giuseppe Pace, Gabriella Esposito, Luisa Fatigati

It's getting crowded: Managing underground resource utilization through a network perspective
Katrin Pakizer, Fabienne Sierro

Including all the layers – making better places from the (under)ground up.
Elizabeth Reynolds

Potential of public underground car park reconversions in European cities
Rosina Vinyes- Ballbé

ROOM SL.2.2 - 2° floor (pc Hedorfer)

18.00-19.00

SPECIAL WORKSHOP 13

UNIVERSAL ACCESSIBILITY AND UNIVERSITY EDUCATION, THE KNOWLEDGE NETWORK

Coordinator: Barbara Chiarelli

Safety and inclusion of urban public spaces
Federica Cicalese, Michele Grimaldi, Isidoro Fasolino

Rising Design for All awareness: bridging theory to practice in architecture and professionals courses to design inclusive environments.
Stefano Capolongo, Erica Isa Mosca

FVG Accessibile: the Regional research system to support accessibility policies
Barbara Chiarelli, Christina Conti, Ilaria Garofolo, Elena Marchigiani, Teresa Sambrotta

ROOM SL2.3 - 2° floor (pc Coppola)

11.30-13.30

PARALLEL WORKSHOP 6

RESILIENCE II PART

Coordinator: Emanuela Coppola Discussant: Domenico Passarelli

Co-discussant: Massimo Sargolini

11.30-13.30

Mapping deficit areas for adaptation planning. Insights from flood protection ecosystem service in an Italian case study

Alessandra Longo, Linda Zardo, Davide Longato

Policies, Strategies, and Projects for Sustainable Urban Regeneration. A comparative analysis of France and Germany

Laura Ricci, Carmela Mariano, Marsia Marino

A participatory approach to increase urban resilience while addressing seismic vulnerability in six Adriatic-Ionian countries

Giulia Marzani, Angela Santangelo, Simona Tondelli

Renewable Energy Communities: a strategy for energy transition. The Municipality of Rome's experience

Fabiana Cambiaso, Giuseppe Milano

Taranto Green Belt: building a resilient city through the re-naturalization of public areas and the enhancement of local environmental assets

Simona Sasso, Federica Mitrangolo, Alessandro Sangermano, Simone Marchesi

The Barrow Blueway. A Spatial Plan for Sustainable Tourism Development

Helen Mulhall

The evolving spatial practices, in physical and virtual public spaces, amidst the COVID-19 crisis: increased risk and reflexivity among Arab Druze women in Israel

Sally Nabwani Kawass, Efrat Eizenberg, Yosef Jabareen

14.30-16.30

Land use transformations and the new ecological values: from conflict to innovation

Olga Giovanna Paparusso

Heat waves and Urban Adaptation: the potential of public amenities as climate shelters.

Elena Camilla Pede, Luca Staricco

Data-driven planning research methodologies to guide the trajectories of urban and territorial transitions, fostering heightened resilience and sustainability

Francesca Moraci, Carmelina Bevilacqua, Pasquale Pizzimenti

The Community Engaged-Research for the Transitions to Inclusive and Just Cities.

Reflections from an experience in Canada.

Elisa Privitera

The scales of territory

Sonia Puente Landázuri

The new Urban Forest in Tamburi: a Phytoremediation project at the core of Coordinated Plan for the regeneration of the district.

Simona Sasso, Mariana Recchia

Enhancing Climate Resilience. The Metropolitan Perspective in Italian spatial planning system

Vittoria Ridolfi, Filippo Magni

Voluntary planning as a key approach for climate responsive measures
Luigi Santopietro, Filomena Pietrapertosa, Monica Salvia, Francesco Scorza
17.00-19.00

Resilience processes in mountain areas: the innovative experience in the Ligurian Alps
Federica Corrado, Gemma Santoro

Identification of suitable sites for Green Hydrogen Production from petroleum wastewater
Rossella Scorzelli, Shiva Rahmani, Michela Delfino, Francesco Scorza, Beniamino Murgante

Restoration of the Aragonian walls and Seafront promenade:
projects between past and future in Taranto.
Simona Sasso, Vincenzo Piccolo, Cristina Giannico

Identification of suitable sites for Green Hydrogen Production from petroleum wastewater
Rossella Scorzelli, Shiva Rahmani, Michela Delfino, Francesco Scorza, Beniamino Murgante

Risk-oriented knowledge of urban settlements towards climate adaptation
Antonio Sferratore, Sara Verde, Maria Fabrizia Clemente, Mario Losasso

Overcoming contamination in urban context. Phytoremediation in the Metropolitan area of Milan
Maria Chiara Pastore, Claudia Parenti, Lucia Ludovici, Laura Sibani

Urban networks and environmental resilience. The role of fractal urban aggregate
Ferdinando Verardi

Beyond the conflict. Planning a logistics area with an OOO approach.
Mattia Bertin, Eugenia Vincenti

ROOM SL2.3 - 2° floor (pc Coppola)

14.30-16.30

SPECIAL WORKSHOP 1

ABOUT SPATIAL INCLUSIVITY. A PERSPECTIVE FROM URBINLAB, LISBON

Coordinator: Alessia Allegri

Intermittent City: Temporary uses and sharing practices to foster spatial inclusivity in urban spaces
Alessia Allegri, Rita Ochoa

Lisbon Metropolitan Area Public Spaces Atlas. An overview
Ana Beja da Costa

Towards a more inclusive and complex construction of Lisbon's metropolitan retail morphology?
Pedro Bento, Alessia Allegri

Towards inclusive water management practices
Maria Matos Silva

Public Space as a tool for metropolitan cohesion? Learning from Lisbon
João Rafael Santos

ROOM SL2.3 - 2° floor (pc Coppola)

17.00-18.00

SPECIAL WORKSHOP 5

ITALIAN UNESCO CHAIRS' VISION AND ACTIONS FOR THE SOCIAL AND SPATIAL INCLUSION OF INTERNATIONAL MIGRANTS: URBAN SPACES AS LABORATORIES FOR LIVING TOGETHER ACROSS DIFFERENCES

Coordinators: Natalina Carrà, Giovanna Marconi, Paola Raffa, Natalina Carrà, Giovanna Marconi, Paola Raffa

The unacceptable instrumental use of urban planning to deny religious minorities the right to places of worship

Flavia Albanese, Giovanna Marconi

Regenerative processes and innovative experiential laboratories for forms of cultural inclusion

Natalina Carrà

Mediterranean landscapes in emergency: natural and social habitats

Debora Macri

Ways of inhabiting shared places

Paola Raffa

Cultural heritage in danger. Digital tools for preservation

Maria Trombetta

ROOM SL2.4 - 2° floor (pc Di Giacomo)

11.30-13.30

SPECIAL WORKSHOP 4

INCLUSIVE PUBLIC SPACES FOR WATER CITIES FACING CLIMATE CHANGE

Coordinators: Tullia Valeria Di Giacomo, Giulia Luciani, Pedro Ressano Garcia

Enhancing Urban Planning with Geographic Information System and Remote Sensing: A Case Study of Gdansk City, Poland, for Multi-functional Green and Blue Infrastructure Suitability Map

Hussein Annan, Lucyna Nyka

Towards an Inclusive and Resilient Flood Protection Planning: A Comprehensive Review of the InVEST's Urban Flood Risk Mitigation Model, Research Trends and Future Directions

Anahita Azadgar, Lucyna Nyka

Ecological and interdisciplinary micro-narratives and micro-territorialities (art, architecture, urban sociology) in the public spaces of water cities facing climate change.

Isabel Barbas

Temporary cultural interventions in urban public spaces: sustainable design approaches for resilient communities in climate sensitive areas

Natalia Chryssikou, Konstantinos Sakantamis

A roadmap proposal for the conservation of waterfront heritage against the impacts of climate change as a tool for sustainable development policy

Anna Rubczak, Elif Mihcioglu, Dorota Kamrowska-Zaluska

Building waterfront resilience through heritage planning. Research on European cities in transition

Giulia Luciani

Climate sensitive transformations for resilient and inclusive waterfront urban territories

Lucyna Nyka, Justyna Borucka, Jakub Szczepański

Proposal for the integration of short-term flood water into the water supply system of urban vegetation

Eva Stache

ROOM SL2.4 - 2° floor (pc Di Giacomo)

14.30-16.30

SPECIAL WORKSHOP 10

GREEN OASIS FOR THE 15 MINUTES CITY MODEL

Coordinator: Fabiola Fratini

Pathways towards nature-based climate shelters in school environments

Isabel Ruiz-Mallén, Mamen Artero Borrue, Filka Sekulova

Enhancing Inclusive Urban Spaces: An innovative co-creation methodology for and with autistic children
Raquel Colacios, Blanca Calvo

A Glimpse Into The World Of Urban Forests
Tullia Valeria Di Giacomo

Greening the 15-minute city: the Eco-Pedagogical Microforest challenge
Fabiola Fratini

Spatial and social factors enabling a sustainable relationship with nature
Matteo Giusti

The "Biophilia Hypothesis" as a Nature-based Solution
Costanza Majone

Rotterdam: the green agenda. Making the city greener and more climate adaptive
Miranda Nauta

Democracy and the experience of nature
Simone Pollo

Pathways towards nature-based climate shelters in school environments
Isabel Ruiz-Mallén, Mamen Artero Borrueal, Filka Sekulova

Tiny Forests within the urban fabric
Bartolomeo Schirone, Livia Schirone, Samir Attia, Elisa Manzino, Barbara Beccaria, Fausto Pistoja

Evaluation of the benefits of contact with nature in children
Giulio Senes, Natalia Fumagalli

ROOM SL2.4 - 2° floor (pc Di Giacomo)

17.00-19.00

SPECIAL WORKSHOP 9

FRAGILE GEOGRAPHIES. VISIONS, PROJECTS AND STUDIES TO MITIGATE AND ADAPT TO ENVIRONMENTAL AND ANTHROPOGENIC RISK

Coordinators: Stefano Magaudda, Elena Paudice, Federica Rosso

A "modus operandi" for the Mid-Adriatic city climate adaptation
Rosalba D'Onofrio, Timothy Brownlee, Chiara Camaioni, Jonatha Cecchi, Simone Malavolta

Indicator-based analysis methodology on fragile areas The case of Zagarolo and Petrella Salto
Luana Di Lodovico, Federico Eugeni

Climate transition and EU projects in European cities on the Mediterranean shores: governance matters
Federica Di Pietrantonio, Stefano Magaudda

An experiment to reduce the abandonment of the hamlets of Castiglione del Lago
Andrea Iacomoni

Integrated Urban Climate Resilience: Dual Strategies for Mitigating Flood Risks and Urban Heat Island
Simona Manucci, Federica Rosso

Strategies and considerations to contrast the abandonment of inland areas
Elena Paudice

Cultivating new biodiversity by resilient landscapes. Opportunities to be seized in the Salento delle Serre.
Paolo Galuzzi, Elena Solero, Piergiorgio Vitillo

Embracing social and cultural Diversity in Eleusis: Exploring Possible Composite Tourism experiences After the ECOC 2021 title.

Panagiota Tsolakaki, Sofia Avgerinou Kolonias

Civil Protection Plan for inner areas. The case of Oltrepò Pavese

Elisabetta Venco

ROOM SL2.5 - 2° floor (pc De Toro)

11.30-19.00

PARALLEL WORKSHOP 3

URBAN REGENERATION AND PUBLIC SPACES II PART

Coordinator: Pasquale De Toro Discussant: Carmen Giannino

11.30-13.30

Protected Areas and urban regeneration. An ÉcoQuartier in the Calanques National Park's Adhesion Area

Laura Ricci, Alessandra Addressi

Urban exploration as a co-narration practice: the case of "Per Luoghi Comuni: Ex-Qualcosa" in San Giovanni a Teduccio, East Naples

Giorgia Arillotta, Sabrina Sacco, Piero Zizzania

Green and Blue Infrastructure and Urban Planning

Alessandra Barresi

Mobility for Urban Public Space. A study case between Naples and Barcelona

Adriana Bernieri

Urban regeneration and public space between the gaps of the dense city

Francesca Calace, Stefania Assenti

Inhabiting public space of cultural heritage. Affecting social complexity of Contemporary City

Greta Caliendo

(how to) Draw a process. An Architectural storytelling of a social innovation case

Arianna Camellato

"From the edge to the castle: sustainable mobility and connections of the third millennium" Municipality of Falconara Marittima - Ancona - Italy. The winning project of the two-stage design competition and drafting of the technical and economic feasibility study.

Massimo Canesin, Omero Bassotti

Urban Planning and Design Journals in Europe. A new season?

Marco Mareggi, Laura Pogliani

14.30-16.30

The "Villa del Sole" project. A green area without greenery anymore...

Teresa Cilona

EMPaThY Spaces: creative ecosystem for a transfeminist city

Francesca Carion, Gaia Del Giudice, Marta Moracci, Federica Morra, Maria Scalisi, Livia Russo, Stefania Oppido, Stefania Ragozino, Gabriella Esposito de Vita

Tricase Porto | Hub of sea and land

F.Cofano, A. Montinaro, L. Beccarisi, S. Giammaruco, G.Coppola, P. Portaluri, V. Calabrese, C. Carluccio, A. Giammaruco, L. Sodano, A. De Nitto, F. Tinella,, P. Durante, Sara Sicuro

Sport as a tool for urban and social regeneration.The story of the project: CivitaSnova

Marta Cognigni, Davide Allegri

Towards a city of good dwelling
Paolo Colarossi, Francesco Colarossi, Sharon Anna Somma

Integrated design for urban and public space regeneration in the territories of Southern Italy
Chiara Corazziere, Vincenzo Giofrè

Exploring the role of inclusion in railway hubs: a literature review over the last decade.
Ludovica Dangelo, Marika Fior

The Playgrounds and the City. Towards the Reconstruction of Urban Life
Felice De Silva, Manuela Antoniciello

Environmental Recovery and Urban Regeneration of the areas of significant national interest at the time of the PNRR. The commissioning of the Bagnoli-Coroglio area
Viviana Di Capua

17.00-19.00

Urban Regeneration in Italy: Unraveling the Legal Patchwork – Navigating Diverse Laws and Shaping a Unified Future

Annamaria Felli, Francesco Zullo, Chiara Cattani, Cristina Montaldi, Emilio Marziali, Gianni Di Pietro

An Ecosystem-Service based approach for Spatial Planning: Strategies for the city of Varese
Federico Ghirardelli, Silvia Ronchi, Stefano Salata, Beatrice Mosso, Andrea Arcidiacono, Laura Pogliani

Designing inclusion. Redefining paradigms, categories, and methods
Santiago Gomes, Javier Fernández Castro

How much public space has my city got to offer?
Luciano G. Alfaya, Patricia Muniz-Nunez

Stories of proximity and collective spaces. Design History and urban regeneration of the 'Torrevecchia' neighbourhood in Rome
Flavio Graviglia, Aurora Riviezzo

Regenerate collective spaces in social housing. A research and a case study in Metropolitan Area of Naples
Claudia De Biase, Giuseppe Guida, Chiara Bocchino, Antonetta Napolitano

Designing cities for seniors: a vision of inclusivity. A Case Study in Vizille, France
Cecilia Di Marco

'FUTURA'. A Strategic Masterplan for Salsomaggiore Terme
Emilio Faroldi, Maria Pilar Vettori

IN.KIOSTRO. A Community Hub in the former St. Michael's Cloister in Anacapri
Maria Cerreta, Laura Di Tommaso

Sustainable regeneration of public spaces for social inclusion in the western part of Santa Maria Capua Vetere
Antonio Acierno, Ivan Pistone

ROOM SL2.6 - 2° floor (pc Mazzeo)

11.30-19.00

PARALLEL WORKSHOP 3

URBAN REGENERATION AND PUBLIC SPACES III PART

Coordinator: Giuseppe Mazzeo

Discussant: Paola Rizzi

11.30-13.30

Regeneration of Abandoned Transportation Landscapes within GI Framework for Sustainable, Inclusive and Resilient European Cities

Bilge Kobak

Integrating expertise in the circular urban project
Marina Rigillo, Libera Amenta, Anna Attademo, Sara Piccirillo, Rosaria Iodice, Federica Paragliola

Gewerbehöfe, an enduring legacy in Berlin. Unveiling the GoWest project
Christoph Kohl

Delivering inclusivity and climate justice in our cities. TEK-Technology Entertainment and Knowledge District in Bologna
Stefania Anghinelli, Serena Girani, Chiara Introzzi, Sara Lodrini

Urban Regeneration in the Contemporary Compact City
Enrico Losardo, Irene Poli

From gray to green infrastructure. Rethinking the Lecco's waterfront
Nerantzia Tzortzi, Maria Stella Lux, Aurora Bosia

Urban walks as a cognitive tool at the service of urban plans and for the promotion of sustainability in Catania.
Gaetano Giovanni Daniele Manuele

Religious Archaeology. New opportunities for urban attractiveness
Andrea Marcuccetti

The railway line as territorial activation tool
Immacolata Paciolla, Amelia Laura Maris Ile, Ivan Negri, Danila Della Monica, Gianfranca Mastroianni

14.30-16.30

"Il Borgo di Francesco", a biophilic design case study
Guglielmo Minervino, Antonio Caperna, Stefano Serafini, Bonaventura Poppiti

Enhancement of urban green, the establishment of urban gardens and the recovery of abandoned land
Giovanni Misasi, Teresa Pandolfi, Domenico Passarelli

Post-socialist New Belgrade blocks as a potential for inclusive territory
Nikola Mitrović

Experimental governance and urban fragilities: Making cities through social-health therapies
Walter Molinaro

Does the design of public spaces foster spatial inclusion?
A survey on six roman squares
Francesca Paola Mondelli

Territorial Regeneration of Mondeggi country estate. a project of inclusivity and regeneration
Laura Nanni

Territorial sustainable regeneration: a case study
Claudia De Biase, Giada Limongi, Antonetta Napolitano

PINQuA | RInaTA Paolo VI - Integrated Proposal for the regeneration and naturalization of the Paolo VI suburb of Taranto. The renovation and re-naturalization of Piazza della Liberazione
Simona Sasso, Francesca E. Nesca

My Neighbourhood, My Street. Promoting active participation of citizens in the management of public spaces in Vila Nova de Gaia
Cristiana Nóbrega, Margarida Rocha, Catarina Pydzinska Azevedo

17.00-19.00

A green line for the FS Torre Annunziata – Cancellò . Regeneration of the territory through a linear park
Anna Terracciano

Integrating Equitable Climate Adaptation into Green Urban Regeneration. Infrastructural spaces as Inclusive and Nature-based Commons
Alessandro Raffa, Annalisa Percoco

Post-Military Architecture as Inherited Common Good. Considerations on decommissioned bunkers along Lisbon coastline facing climate emergency
Maria Rita Pais

Exploring the potential of the 15-minute city model in the eastern neighbourhoods of Naples
Maria Federica Palestino, Stefano Cuntò

Towards a child-friendly city barriers to urban independence for children aged 7-10
Beata Patuszyńska

Social enterprises as activators of innovation processes. The case of Liberitutti in Barriera di Milano, Torino.
Daniele Caccherano, Erika Mattarella, Elena Camilla Pede, Flaviano Zandonai

Design for inclusivity. Guidelines for inclusive public space design
Luca Vandini, Annalaura Ciampi, Monica Malori, Enrica Perotti

Reclaim and Exploring New Energy Scenarios for Eastern European Landscapes
Nicola Petaccia

Integrating expertise in the circular urban project
Marina Rigillo, Libera Amenta, Anna Attademo, Sara Piccirillo, Rosaria Iodice, Federica Paragliola

Completion and upgrade of the market and office complex within the framework of the Coordinated Plan for the improvement of the Tamburi district in the city of Taranto
Simona Sasso, Vincenzo Piccolo, Mariana Recchia

The role of public space in the relationship between museum and contemporary city: the case of Barcelona
Manuel Orabona

ROOM SL3.3 - 3° floor (pc Sepe)

PARALLEL WORKSHOP 3

11.30-19.00

URBAN REGENERATION AND PUBLIC SPACES IV PART

Coordinator: Isidoro Fasolino Discussant: Marichela Sepe

11.30-13.30

Urban co-existence. Luigi Cosenza's ex Regional Milk Factory and Cupa Perillo's communities
Lorenzo Renzullo

Multiple benefits analysis to support urban regeneration. A practical tool to support project implementation and acceptance

Irene Bertolami, Marco Volpatti, Adriano Bisello

The street: walking and staying

Leonardo Rignanese

Stories of proximity and collective spaces. Design History and urban regeneration of the 'Torrevecchia' neighbourhood in Rome

Flavio Graviglia, Aurora Riviezzo

Environment, landscape, territory and community. Community Projects and River Contracts: taking care of the commons.

Paola Rizzuto, Ferdinando Verardi, Antonio Leone, Domenico Passarelli

My Neighbourhood, My Street. Promoting active participation of citizens in the management of public spaces in Vila Nova de Gaia

Cristiana Nóbrega, Margarida Rocha, Catarina Pydzinska Azevedo

Making Place. Exploring potentials and limitations of temporary urbanism in Hong Kong
Francesco Rossini

STEP UP - Walkability for Women in Milan. A Data-driven Approach to Assess the Level of Walkability for Women

Rawad Choubassi, Lamia Abdelfattah, Andrea Gorrini, Federico Messa, Lily Scarponi, Catalina Valenzuela, Gerardo Carpentieri, Carmen Guida, Valerio Martinelli, Tonia Stiuso, Floriana Zucaro, Florencia Natalia Andreola, Laura Da Re, Azzurra Muzzonigro, Carlos Cañas, Eleonora Gargiulo, Jim Walker

Associations and Community Planning Processes: a case study
Alfredo Pensabene, Marco Picone, Valeria Scavone

PINQuA: integrated actions to increase spatial and social cohesion in Taranto's Paolo VI neighbourhood.
Simona Sasso, Federica Mitrangolo, Antonio Angelini, Alessandro Sangermano, Angelo Semidai, Francesca Nesca

14.30-16.30

Quarter at the former Flower Market Berlin
Ulrike Böhm, Katja Benfer, Cyrus Zahiri

The DE-Sign Urban Lab. The pilot case of the City of Cosenza and energy efficiency as a driver for social inclusion, resilience and integrated urban regeneration
Domenico Passarelli, Ferdinando Verardi, Ilaria Bertini, Ilaria Sergi, Maria Anna Segreto, Guido Maurizio Urbani

Urban regeneration and inclusive public spaces. A project for the new urban park in San Lorenzo Village in L'Aquila
Camilla Sette

Controversial multi-actor urban regeneration practices: The case of the historic centre of Palermo
Vincenzo Todaro, Salvatore Siringo

GREENERize Post Industrial Landscape. From the industrial city to the urban ecosystem
Luisa Smeragliuolo Perrotta, Nahuel Garcia Pastor

(In)effectiveness of planning: which perspective for Pietralata?
Sharon Anna Somma, Romina D'Ascanio, Ana Luiza Milanese, Anna Laura Palazzo

Il GIS Partecipativo come strumento di supporto nei processi decisionali
Simona Stella, Massimo Clemente

The project of a pedestrian network for a city on a human scale. Reggio Calabria no longer unsustainable
Domenico Passarelli, Francesco Suraci, Antonio Macchione

Revitalizing urban spaces. A synergistic approach between school spaces and the city
Nicola Martinelli, Roberta Tenerelli

Slow Urban Planning. Improvising a performative urbanism or a social reanimation of the abandoned city of Tribsees !
Ton Matton

17.00-19.00

The Convivialità Urbana Award
Grazia Torre, Chiara Franchetti

City space and children's skills. New uses of urban space in the Noce neighborhood of Palermo
Ferdinando Trapani

Student Housing as a driver of Urban Regeneration.

The case of Libertà district in Bari.
Giovanna Mangialardi, Nicola Martinelli, Angelica Triggiano

How will we live together?
Davide Tumiatì
An inclusive and breathing intergenerational city. New green spaces on the underground area of the Ferrovie Nord in Busto Arsizio
Michele Ugolini, Caterina Gallizioli, Beatrice Basile, Francesca Ripamonti,
Francesco Occhiuto, Maria Maddalena Reggio, Amanzio Farris

Urban regeneration as a paradigm of public city project: experimentation of an intervention model.
Marilù Vaccaro

Participation Wheels. A playful tool for urban participatory planning
Eirini Vallindra, Georgia Manousogiannaki

Social Return on Investment (SROI) applications on urban planning for conscious decision-making. The VARCITIES project approach
Elisa-Elena Vasiliu, Sara Biancifiori, Adriano Bisello

The regeneration of semi-confined public spaces in disadvantaged contexts for social inclusion and the well-being of children
Anna Rita Villano, Donatella Diano, Katia Fabbricatti

How to do urban regeneration with certification protocols for a more inclusive sustainable urban district
Marco Volpatti, Elena Mazzola, Marta Carla Bottero, Adriano Bisello

ROOM SL3.1 - 3° floor (pc Bortolotti)

11.30-13.30

SPECIAL WORKSHOP 11 MAKING/UNMAKING

Coordinators: Andrea Bortolotti, Dario Minervini

Re-opening the circle. Steps towards an epistemologically diverse circularity
Andrea Bortolotti, Dario Minervini

Planning and Designing Circularity and Socio-Ecological Transition in Europe and Beyond:
Is Technical Neutrality Really a Thing?
Silvio Cristiano, Luca Tricarico

Hacking spaces and artifacts. Everyday practices of urban commoning in Piazza Garibaldi
Cristina Trey, Ramon Rispoli, Adam Arvidsson

How to support and develop (more) inclusive circularity-inspired urban projects and designs? A contribution on bottom-up initiatives for a more just circularity: case studies from the Brussels-Capital Region.
Giulia Caterina Verga, Ahmed Zaib Khan

Circularity through Ecofeminism. Embracing Inclusivity in Flanders' Urban Planning
Wendy Wuyts

ROOM SL3.1 - 3° floor (pc Garau)

14.30-15.30

SPECIAL WORKSHOP 5 YOUTHBANISM: FOR A NEW GENERATION OF URBANISTS

Teaching Future Generations About the Landscape for Environmental Sustainability
Educational contributions for youth urbanism, from ordinary to extraordinary
Rosalba D'Onofrio, Giorgio Caprari, Roberta Cocci Grifoni, Piera Pellegrino, Ludovica Simionato, Elio Trusiani

A new generation of urbanists
Pietro Garau

ROOM SL3.4 - 3° floor (pc Gerundo C.)

11.30-13.30

PARALLEL WORKSHOP 5

CULTURAL HERITAGE II PART

Coordinator: Carlo Gerundo Discussant: Martin Baloga

Food Plants Consumed and Grown in Salvador, Brazil
Isabel Maria Madaleno

BARIUM. A new model of knowledge and preservation of the city
Nicola Cavallera, Dario Monsellato, Nicolò Montuori, Francesco Paolo Protomastro

Landscape design as an extension of welfare
Marco Patruno

Cultural heritage as an interpretative framework to address new global challenges
Thomas Pepino

Cultural Heritage and UN Agenda 2030 Territorialization through Innovative Inclusive Tourism Strategies
Gabriella Pultrone

The Cultural Heritage of Cordoba and Naples boost Climate and Social sustainability actions
Rosa Romano, Marika Fior, Gaia Redaelli

Cultural heritage as a tool of resilience and adaptation in minor historic centers planning strategies.
Fiammetta Fanizza, Francesco Rotondo

Sicani: where marginality meets cultural heritage through the place-based approach
Desiree Saladino

Policy and regeneration of Italian historic villages
Camilla Salve, Alessandra Tosone, Donato di Ludovico

From the International Documents for the Protection of Cultural Heritage to the project lines of Integrated Restoration of historical settlements.
Caterina Sergi

The new archaeological park of Litternum as a booster for urban regeneration
Francesco Stefano Sammarco

ROOM SL3.5 - 3° floor (pc Bastiani)

11.30-15.30

SPECIAL WORKSHOP 14

FINDINGS AND EVIDENCES FROM THE PNRR PROJECT RETURN

Coordinator: Daniele Vettorato

Planning and design strategies for activating resilience.
Ilaria Cazzola, Benedetta Giudice, Angioletta Voghera

Disaster Risk Reduction and Climate Mitigation and Adaptation, between the technical and the philosophic: towards the selection and appraisal of European urban design solutions
Isabella Trabucco, Silvio Cristiano, Carlo Pisano

Green transition for climate resilient urban eco-districts
Valeria D'Ambrosio, Maria Fabrizia Clemente, Sabrina Puzone, Antonio Sferratore, Sara Verde

Assessing the supply and the demand of urban greenspaces. Case study of Cagliari, Italy
Federica Isola, Federica Leone

AI approach of emotion detection for multi-risk analysis in urban context
Vittorio Miraglia, Barbara Cardone and Ferdinando Di Martino

Circular metabolism for planning resilient cities in multi-risk critical contexts
Sara Piccirillo, Federica Vingelli, Libera Amenta, Anna Attademo, Rosaria Iodice, Benedetta Pastena, Maria Simioli, Michelangelo Russo

Regulating ecosystem services in urban contexts. Supply-related evidence from the city of Cagliari, Italy
Sabrina Lai, Corrado Zoppi

ROOM SL3.5 - 3° floor (pc Bastiani)

16.30-19.00

SPECIAL WORKSHOP 15

RIVER CONTRACTS AS VOLUNTARY AND NEGOTIATED PLANNING TOOLS AIMED AT THE RECONSTRUCTION OF TERRITORIAL, SOCIAL AND ECOLOGICAL VALUES

Coordinator: Massimo Bastiani

River Contracts: Innovation and Experimentation
Angioletta Voghera and Irene Ardito

River contract: an integrated and participated approach for a sustainable management of water and territories
Massimo Bastiani

From the municipal landfill to the Nature Reserve up to the River Contract.
David Belfiori

From the Vulture Regional Natural Park, the proposal for a River Contract to activate a process of sustainable and participatory development of the territories
Carlo Gilio, Laura Stabile

Between management plans and environmental contracts. Challenges for an integrated wetlands' governance
Stefano Magaudda, Serena Muccitelli, Carolina Pozzi, Romina D'Ascanio, Anna Laura Palazzo

From local participation to basin-scale planning for water quality. River, Lake and Wetland Contracts in Piedmont
Paolo Mancin, Floriana Clemente

Water management and river contracts in moldova
Endro Martini, Alexandru Tabacaru

20.30 Social Dinner at Pizzeria Medina

24 APRIL 2024 (pc Moccia)

Via Forno Vecchio 36

PLENARY

9.00-12.00

METROPOLITAN PLANS: EXHIBITION AND DEBATE

12.00-13.30 Study tours from Via Forno Vecchio 36
